Fast Track and Multi-Track Claims are more complex than those falling within the Small Claims Track, therefore the above work will be undertaken at an hourly rate of between £189.00 - £225.00 plus VAT (£226.80 - £306.00 including VAT) depending on the experience and qualifications of the fee earner dealing with the matter.

Once judgment has been entered enforcement action may be necessary. This is dealt with on a case-by-case basis and an appropriate enforcement method suggested. Any work undertaken to enforce a judgement will be charged on a time spent basis as above.

In addition to the above there are various other expenses and disbursements which may be necessary to incur to pursue debt claims such as Barrister's fees and experts' fees. Those fees will vary depending on the complexity and size of the claim.
